

**Why Science Is Better  
Than Religion and  
Always Has Been**

# **Shocking Claim No. 1**

**Science & Religion have  
always been in conflict.**

**By any fair standard,  
Science has won.**

# Dodges

**Not knowing what you're talking about**

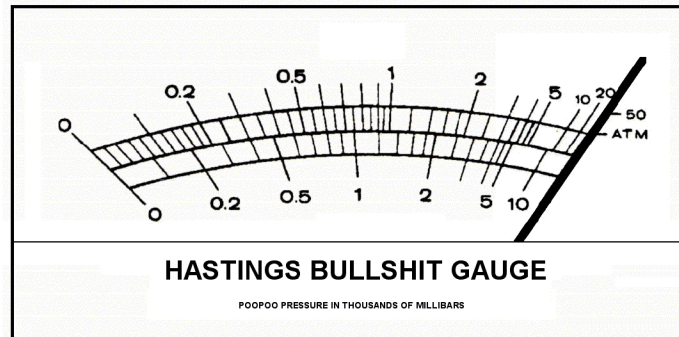

**Being unreasonable**

## **Shocking Claim No. 2**

**Religious morals have always been in  
conflict with Scientific morals.**

**By any fair standard,  
Science has won.**

# “Religion”

= any system of values & beliefs *not*  
based entirely on scientific reasoning

# **“Science”**

**= the whole system of values & ideas on which all scientific thinking is based (and the discoveries that result)**

**Half-assed Science,  
like half-assed Religion, means...**

**Compartmentalizing**
