

**Why Science Is Better
Than Religion and
Always Has Been**

Shocking Claim No. 1

Science & Religion have
always been in conflict.

By any fair standard,
Science has won.

Not knowing what you're talking about

Being unreasonable

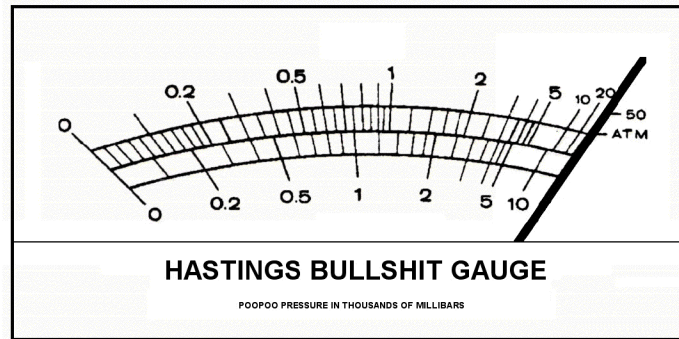

Shocking Claim No. 2

**Religious morals have always been in
conflict with Scientific morals.**

**By any fair standard,
Science has won.**

“Religion”

**= any system of values & beliefs *not*
based entirely on scientific reasoning**

“Science”

= the whole system of values & ideas on which all scientific thinking is based (and the discoveries that result)

**Half-assed Science,
like half-assed Religion, means...**

Compartmentalizing
